

Go to Link <https://www.desmos.com/calculator>

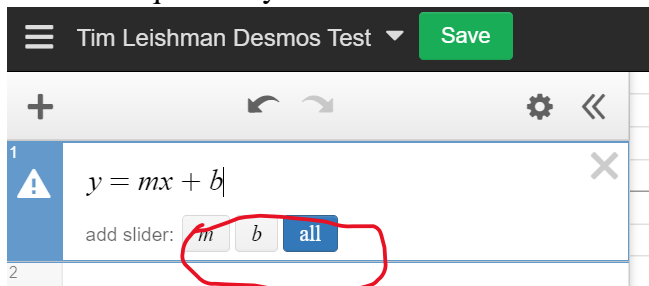

Log in

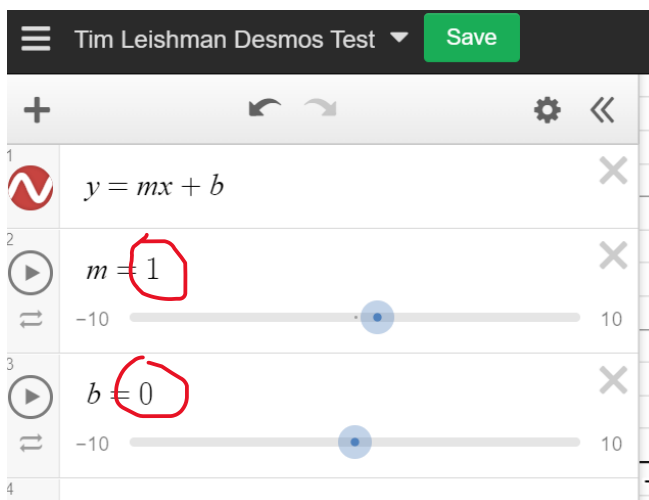

Name the graph by clicking the save button and naming your name + "Desmos Test"

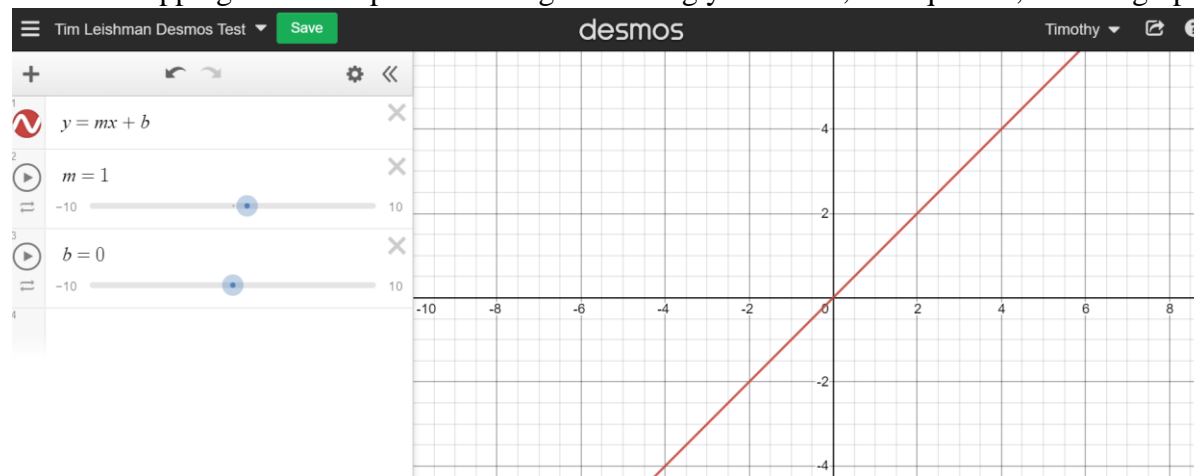

Enter the equation " $y=mx+b$ " and add sliders for m & b .

Play with the sliders and observe the graph. Set the sliders to $y = 1$, $b = 0$

Use the Snipping Tool to capture the image including your name, the equation, and the graph

Submit the image to complete the assignment.
